

z e n t a b l e

This Z shaped table is born through simplicity of materials, design, and construction. Its footprint is small, minimally adding to the seating of a room and allowing life to flow. The tops range in materials from marble to butcher block hardwood.

MATERIALS

Raw brass and butcher block black walnut are shown. A range of hardwoods and Carrara white marble are available. Carrara white marble is different from traditional Carrara, incorporating subtle gray veining.

SPECIFICATIONS

Top materials range from butcher block construction to solid wood to Carrara white marble. The base is shown in raw brass but starting price includes powder coated steel.

BASE WIDTH 14.42" **HEIGHT** 25.13"
